**Custom Interior and Remodeling**

Licensed Florida residential, building and general contractors can perform roofing and re-roofing repairs statewide in response to recent Hurricane Damage. Licensed contractors fall under the jurisdiction of the Florida Department of Business and Professional Regulation (DBPR). Unlicensed, out of state contractors are not permitted to contract. DBPR urges victims of recent storms to protect themselves against unscrupulous and unlicensed contractors. When seeking a contractor to repair or rebuild damaged businesses or homes, always hire a licensed Florida contractor. Licensure may be verified by calling 850.487.1395 or visiting [www.MyFloridaLicense.com](http://www.MyFloridaLicense.com).
